

Environmental Policy

StarCounty Textile Services Ltd operates an Environmental Policy that is regularly monitored.

StarCounty Textile Services Ltd will endeavour to:-

- ❖ Give due consideration to the impact on the environment of any decision taken during its activities.
- ❖ Utilise power and energy in the most effective and efficient manner possible both within the organisation and by design of its products and services.
- ❖ Utilise information technology and communications in the most effective and efficient manner possible.
- ❖ Utilise energy efficient and low emission transport
- ❖ Minimise the impact on the environment from production and disposal of waste and to use companies to achieve this aim that are registered and certified as environmentally friendly.
- ❖ To train and encourage the organisations personnel to abide by the StarCounty Textile Services Ltd environmental policy.
- ❖ To recycle materials wherever possible.
- ❖ To use suppliers that operate an environmentally friendly and approved system.
- ❖ Strive to continuously improve by environmental initiatives, monitoring and reviews.
- ❖ To actively meet customer expectations of environmentally sound products and actively promote and provide information to stimulate demand for these products.
